- The Shennong International Volunteer Team, founded in 2015 by President Bo-qing Wu, embodies a spirit of international service that extends beyond traditional tutoring activities. Leveraging the university's agricultural expertise, the group promotes community development and productivity abroad. It has conducted missions to Thailand and, most recently in 2024, to the Philippines under Vice President Prof. Chang-Wei Hsieh, where members collaborated with TaiwanICDF and local institutions to share agricultural technologies, assess field conditions, and provide training in cultivation and post-harvest practices, strengthening Taiwan's agricultural cooperation with partner countries.
